Q: How will I find my greeter for a departure meet?

A: Your greeter will call you or your private driver in advance to coordinate the meeting location. In most cases, you will be met curbside, right when you are dropped off in front of the terminal.

Q: How will I find my greeter for an arrival meet?

A: For most arrival meets, your greeter will be waiting for you at the gate when your aircraft arrives.¹ He/she may be holding a name sign with your preferred name displayed.²

¹ Unless otherwise noted, passengers arriving on international flights into the United States will be met outside the customs hall with a name sign.

² Some airport terminals restrict the use of name signs held at the arrival gate. In most cases, our greeter will send you an SMS message with a description of him/herself and where he/she will be waiting once you deplane. Please turn on your mobile device and make yourself visible so our greeter can determine who you are when you exit the jet-way. A passenger mobile number is required for all arrival meets.

Q: What do I do if I cannot find my greeter?

A: We will supply you with the mobile number of your greeter or their duty manager in advance of your service date. Q: Is airline lounge access included in Airport Assistance Worldwide™ services?

A: You may already be entitled to complimentary airline lounge access offered through your airline carrier, based on your class of ticket. Please check with your travel agent or airline to see if you are eligible.

We offer inclusive VIP lounge access at some participating airport locations outside of the United States. Within the United States, Airport Assistance Worldwide™ may offer complimentary airline lounge access for up to 2 guests.³ Where complimentary access is not offered, airline lounge day-passes may be purchased for an additional fee. Please inquire if you'd like us to purchase a day-pass for you.⁴

COVID-19 LOUNGE ACCESS UPDATES: Many airline and airport lounges have been temporarily closed or consolidated. Please visit the website of your airline carrier for the latest updates. Take note - in the event an airline states on their website their lounge is open, it can be temporarily closed at any time due to the coronavirus circumstances. Changes are happening rapidly, and often with no notice. Our agents will work proactively to find discreet and comfortable places to relax pre-flight.

Q: Do you offer any “V.V.I.P.” services, such as tarmac transfers, private VIP suites, private customs/passport clearance, or luggage delivery?

A: Yes! At select airport locations, we are pleased to offer Airport Assistance Worldwide™ Platinum V.V.I.P. services. Platinum services may include a completely private VIP terminal, a personal driver to transfer you to/from the terminal and aircraft, private VIP lounge suite, and even have your bags delivered to you while you are waiting.⁵

Q: Do you offer security from the paparazzi?

A: Our greeters are experienced airport concierge agents but are not security officers. While we will make every attempt to elude the paparazzi, we can make no guarantees their presence can be avoided. Unfortunately, paparazzi have the right to enter the common areas (pre-security) of the airport terminals and neither our greeters nor airport police can prevent them from doing so.

Q: My client is a very important celebrity. Are there any secret tunnels or special doors you can use to get them through the airport without being seen by the public?

A: As a general rule, the short answer is “not really”. However, our airport greeters have decades of experience at their local hubs and know all the ins-and-outs of their respective airports. Typically, our greeters will use their knowledge of the least populated areas within the terminals to move high profile clients through. In some cases, there *are* “special” doors or walkways our greeters may be able to use at their discretion, although these options are very limited.

³ Complimentary airline lounge access is available for up to 2 guests at LAX when traveling on an American Airlines operated flight out of T4 and T5.

⁴ Airline lounge access may also be available based on your ticket class. If you are not eligible for lounge access based on ticket class, a day pass may be purchased for an additional fee.

⁵ Baggage delivery means our agent will collect your bags on your behalf and deliver them to the private VIP lounge suite where you will be waiting.

Q: Will your greeter “fast-track” me through security or other airport formalities?

A: “Fast-track” is an interchangeable term used throughout the meet & greet industry and can mean a variety of different things depending on airport location and region. In the United States, there is no legitimate “fast-track” service of any kind, unless you are TSA Pre-Check or CLEAR (to expedite TSA security lines), or Global Entry (to expedite your US passport arrival process). Passengers traveling in First or Business class may be eligible for priority TSA security lanes, but again, this can vary depending on airport location. At some airports, our greeters have access to other priority TSA screening lanes that may be used at our greeter’s discretion; however, availability is not guaranteed.

Outside of the United States, guaranteed “fast-track” services are available at many airport locations. This could mean expediting through airport security lanes and/or expediting through customs and passport/immigration control.

Q: Do you have electric golf carts to drive me through the terminal?

A: Generally speaking, in the United States, golf carts are on a first-come, first-serve basis and cannot be pre-reserved for any fee. In addition, golf carts are not always available at every terminal.

Outside of the United States, golf carts may be included in the cost of your service or may be pre-arranged for an additional fee. Please inquire at the time of booking if a golf cart is needed.

Q: I am injured and/or elderly and cannot walk. Can you set up wheelchair service for me?

A: *If you require a wheelchair, please contact your carrier and ask to have a wheelchair added to your passenger record (PNR). Our agents are not permitted to make changes to your PNR (i.e. “adding” a wheelchair).*

The wheelchair request is two-fold: If you have booked our Airport Assistance Worldwide™ services, our greeter will be onsite early to liaise with the airline and secure a wheelchair for you. Wheelchair accommodations on departure are on a first-come, first-serve basis and are not guaranteed. If you have not booked an Airport Assistance Worldwide™ service with us, plan to arrive to the airport early to allow ample time to procure a wheelchair for yourself.⁶

On arrivals, your pre-reserved wheelchair and an attendant will be waiting by the aircraft door when you deplane.⁷ If you neglect to pre-reserve a wheelchair for yourself through your carrier, our greeter will make every attempt to secure one for you. However, you will be accommodated after all other pre-booked wheelchair guests have been assisted. There may be a waiting time before your wheelchair arrives.

Q: Do you assist unaccompanied minors or “young travelers” flying alone?

A: Due to liability constraints, all passengers utilizing our Airport Assistance Worldwide™ services must be over the age of 18 years or traveling with an accompanying adult. Some exceptions may be made for unaccompanied minors or young travelers that meet certain guidelines. Please contact our office at +1-310-417-3620 or meets@airportassistance.com for more information.

Q: Will your greeter assist me with my luggage?

A: In most cases, yes. Our greeters can usually assist with 1-2 pieces of checked luggage or hand-carries luggage. At some airport locations, greeters are not permitted to touch any traveler’s personal belongings, in which case a porter may be hired for an additional fee.

⁶ **DEPARTURE WHEELCHAIRS:** Even if you have requested the airline to note your passenger record (PNR) with a wheelchair request, this only secures a wheelchair on the *arrival* portion of your flight segment. Wheelchairs are not truly “reserved” for the departure portion of your journey. If you have a departure meet booked with us, our greeter will arrive early to help secure a wheelchair on your behalf, however, availability is not guaranteed.

⁷ **ARRIVAL WHEELCHAIRS:** Your wheelchair will be pre-reserved for you at your arrival destination only if you request wheelchair assistance directly with the airline in advance via your PNR.
